

for reliable rotation in maintenance and production

ANNO 1978

BETEX®

PORTABLE POWERKITS

Multifunctional hydraulic maintenance sets for many kinds of maintenance jobs

- “Snap-On” design for quick and easy assembly and disassembly.
- Extra thick extension rods designed for strength prevent bending.
- Single acting pump, 700 bar with safety valve to prevent overloading.
- Flexible hydraulic hose, 1.8 mtr.
- All parts are made of forged steel making them strong and non breakable during operation.
- Versatile through many different accessories!

BETEX PPK 4

Incl. 4 t cylinder, 100 mm stroke, in portable transport case.

BETEX PPK 10

Incl. 10 t cylinder, 150 mm stroke, in handy transport case on wheels.

BETEX PKK 4

Art. nr.	Description
PA351	heavy duty hydraulic hand pump
HS236	HD hose 1,8 mtr
PA404	4-tons cylinder with 101,6 mm stroke
SR05A	spreader 0,5 ton
B0523	extension rod 406,40 mm
B0524	extension rod 304,80 mm
B0525	extension rod 203,20 mm
B0526	extension rod 101,60 mm
B0467	male connector
F0180	flat base
F0181	90° V base
F0182	spreader
F0183	plunjer toe
F0184	ram toe
B0540	rubber flexible head
F0179	serrated saddle
G0026	transport case

BETEX PKK 10

Art. nr.	Description
PA603	heavy duty hydraulic hand pump
HS236	HD hose 1,8 mtr
PA106A	10-tons cylinder with 152,40 mm stroke
SR05A	spreader 0,5 ton
B0519	extension rod 482,60 mm
B0520	extension rod 355,60 mm
B0521	extension rod 254 mm
B0522	extension rod 127 mm
B0406	male connector
F0174	flat base
F0175	90° V base
F0176	spreader
F0177	plunjer toe
F0178	ram toe
B0541	rubber flexible head
F0173	serrated saddle
G0021	transport case on wheels
